I certify that the above information is correct and true, that I have had no administrative, civil or criminal actions taken against me by any legal entity or authority regarding licensure or fiduciary responsibility. If any action has been taken since my most recent Montana continuing education filing, a copy of the action is attached. I understand that a false statement is reason for license revocation, 33-17-1001, MCA.

BIENNIAL RENEWAL

SUBMISSION REQUIREMENTS

Montana

Every insurance producer, adjuster and consultant license includes a lapse or renew by date. Licensees must complete 24 credit hours of Montana-approved insurance continuing education and file certification of continuing education by that date or the insurance licensure will lapse.

LICENSE LAPSE/REINSTATEMENT

Licensees lapse for non-compliance, incomplete compliance or late compliance. There is no additional notification to licensees of license lapse. Lapsed licenses can be reinstated within 12 months of the license lapse/renew by date. A resident licensee will submit the required continuing education and continuing education form, a reinstatement form and the \$100 reinstatement fee to reinstate licensure.

EXTENSIONS

Licensees may request, in writing, an extension to complete required credits. The request must include the reasons for the request and documentation supporting the request.

CHANGE OF ADDRESS

Montana Insurance statutes require licensees to file any change of address with the department **within 30 days**. Send a letter to the Insurance Licensing Bureau with any business address correction or submit an address change on an Individual License Renewal, form 1225. Address corrections made on this CE-1 form will not be processed.

VOLUNTARY TERMINATION

Licensees who do not wish to complete continuing education requirements may voluntarily surrender their Montana insurance license. Send your license and a letter requesting license termination to the Insurance Licensing Bureau.

Requirements

All resident insurance producers, adjusters and consultants licensed in Montana must complete and file the continuing education requirements by the license lapse/renew by date that appears on individual insurance producer, adjuster, consultant and surplus lines licenses.

Continuing Education

Persons licensed as a producer for any of the lines of property, casualty, surety or title, life, health, disability, limited lines or personal lines insurance, or as an adjuster or consultant must complete 24 approved credit hours by the license lapse/renewal date.

Persons licensed to sell **only** the line of limited lines credit insurance (credit life and credit disability, IUI, GAP or other credit insurance) must complete 5 approved credit hours of courses in: credit life and credit disability insurance, ethics and/or insurance law by the license lapse/renew by date.

Every licensee must include a minimum of 1 approved credit hour of legislative changes in Montana insurance statutes and administrative rules as part of each biennial continuing education filing.

Fee

There is no resident continuing education filing fee.

Filing deadline

Send completed forms to the:

**Montana State Auditor's Office
Insurance Continuing Education Program
840 Helena Avenue
Helena, Montana 59601**
**Call or e-mail with questions:
(406) 444-2040 (within Montana) 800-332-6148**
Visit our web site at: sao.mt.gov

Certification

This form or on-line entry must be completed or shipped by the license lapse/renew by date.

The postmark, shipping or on-line entry date will determine on-time filing compliance. Licensees may use a delivery method that offers receipt verification to track delivery.
